Dear Friends,

I am seeking your input on the future of the Mitchell Park Horticultural Conservatory (The Domes). As you probably know, the Domes have been recently repaired at a cost totaling approximately \$1 million. However, these are only short-term repairs designed to last about five years.

Recently, a Milwaukee County task force has been appointed to examine the future of the Domes. I also want to solicit your opinions and input regarding the future of the Domes.

Please take a few moments to complete and return this survey.

Sincerely,

*Eddie Cullen*

# Milwaukee County 15th District Constituent Survey

## YOUR OPINION COUNTS

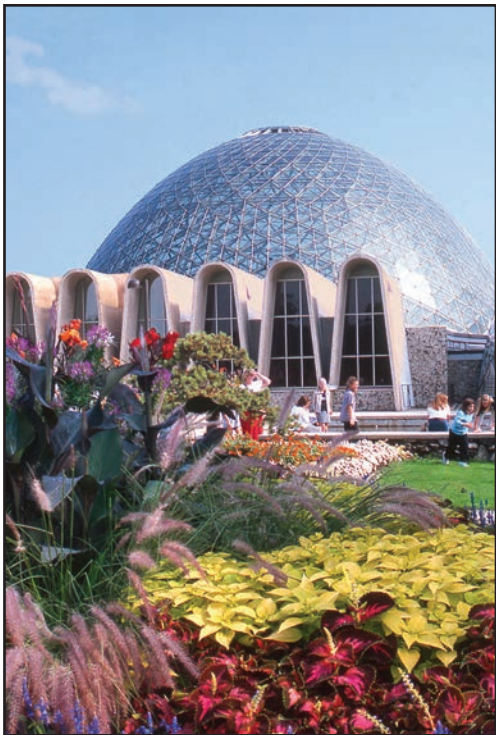

In completing this survey, please carefully consider each option. Milwaukee County has many financial needs and commitments which must all be carefully considered in this decision. Once complete, mail this survey to Supervisor Cullen by following the instructions on How to Mail In Your Survey on the reverse.

Please rate in order from 1-4 with 1 being your most preferred option and 4 being your least preferred option.

- ☐ **Repair all three Domes structures.**  
This option would include all three of the current Domes in their current location.
- ☐ **Remove and build new Domes at the current site.**  
In this option, all three Domes would be demolished and new domes would be constructed at Mitchell Park.
- ☐ **Demolish the three standing Domes.**  
A new conservatory would be built at Mitchell Park, but not in a dome shape.
- ☐ **Demolish Domes without rebuilding a conservatory.**  
In this option, the three standing domes would be demolished and related activities would cease at Mitchell Park.

When was the last time that you or a member of your family visited the Domes?
